COMMUNITY FOUNDATION AND UNITED WAY OF VOLUSIA-FLAGLER COUNTIES

First Step Shelter, Inc.

First Step Shelter's client experienced homelessness for the first time after being evicted from her rental because she lost her job during her hospital stay due to a heart attack. FSS's Case Manager connected her with vital resources that helped her get back on her feet. The client secured full-time employment and was able to move into an apartment near her workplace. The client's commitment to sobriety and newfound financial and emotional stability significantly reduces the likelihood of her experiencing homelessness again.

IMPACT REPORT JULY 2023- DECEMBER 2023

Council on Aging of Volusia County, Inc.

During the holidays COA received overwhelming community support. They were able to give many homebound clients \$25 Walmart gift cards from Duke energy, cold weather supplies from ElderSource, handmade cards from Daytona State College and many more. For many of our seniors these are their only gifts and cards during the holidays.
